The Largest Remaining Geranium and Pelargonium Show in North America!

Feast your senses on an astounding display of gorgeous blooms and fabulous foliage of Geraniums, Pelargoniums, Fuchsias and even Begonias – in containers, as cut flowers and leaves, in a floral display, or as edibles or decoration. Learn about the numerous varieties of these plants, most of which are not commonly found in nurseries.

Pick your favorites among those on exhibit, and if you are lucky, you may find a potted cutting on our sales table to take home and enjoy for years to come.
